

Private Risk Services

At Lovitt & Touché, we believe your personal insurance should, in fact, be personal.

Personal insurance is a valuable risk management tool and is often the first and best line of defense to protect the assets you have worked so hard to earn. Your account manager will work closely with you to identify exposures that might threaten wealth and offer solutions to minimize gaps and deficiencies. Working with one agent to manage your personal insurance portfolio helps reduce duplication of coverage and allows us to provide solutions that keep pace with you as your life changes.
